で、新しくレベルの高い大学と姉妹校になることができました。その先生と本校の学
生とインターネットを使って、アメリカの大学生活をどう成功させるか、どんな問題点
があるか、どのように手続きをするかなどの説明と学生さんからの質問などを受け
ていただきます。

日時: 6月20日(水) 1:10-2:45

場所: 3号館3階 セシリアホール

対象: 全学生

My name is Mr. Greg Rainey and I am the CEO of McGovern Education Group in the United States. We are pleased to announce we have successfully created exclusive 2+2 and 2+1 partnership agreements between Saint Mary's College and US News regionally ranked King's College in Wilkes-Barre, Pennsylvania, which is part of the prestigious Holy Cross system. Additionally, Saint Mary's College students can choose US News regionally ranked State University of New York (SUNY) in Geneseo, New York as well as Youngstown State University in Youngstown, Ohio. All three universities have signed agreements which allow Saint Mary's College students to complete the final two years of their education at an affordable tuition rate and receive a US diploma. In addition to the three current university partnerships, McGovern Education Group is negotiating partnership agreements with two additional universities for the Spring 2019 semester.

As an exclusive benefit for Saint Mary's College student, the application process to the 2+2 partner US universities have agreed to "fast track" applications, which means the application process is much faster, simpler, and easier. We can still process applications for Saint Mary's College students interested in the 2+2 program for the upcoming Fall semester (August) until 15 July 2018. It's not too late to experience an American education in a safe, affordable, and respected university in the United States.

In addition, McGovern Education Group can meet with Saint Mary's College students and parents interested in the 2+2 program through video conferencing. We also provide complete concierge services, which include fast track admission document processing, F-1 visa interview training, as well as airport pickup in the United States to ensure a designated driver is waiting to take the student to campus. All of these additional features are provided at no additional cost for Saint Mary's College students.

Best,
Greg Rainey
